

INNOVATION LIVING™

THE DANISH SOFA BED SPECIALIST ESTABLISHED IN 1971

# WE WOULD LIKE TO EXPAND YOUR LIVING SPACE IN STYLE

Innovation Living™ is a Danish sofa bed specialist built on the proud Danish tradition of furniture design. We believe that form and function must go hand in hand to create innovative, durable designs for everyday use.

Since 1971, we have dedicated ourselves to the design and development of multifunctional sofa beds, and today we are proud to be able to call Innovation Living™ an internationally renowned sofa bed specialist.

ATTENTION TO INCOMPARABLE QUALITY AND SUSTAINABILITY IS YOUR ASSURANCE OF EXCELLENCE

As consumers, we are obliged to reassess our consumption habits. Our collective will to prioritize durable quality products that we want to retain over time is crucial, as it is the most efficient way to minimize resource consumption and pollution.

As a global supplier of upholstered furniture, our commitment lies in crafting products that are optimized for both aesthetics and quality, ensuring a prolonged lifespan.

Our designs are made to withstand the test of time and come with our 5-year limited warranty for peace of mind.

An Innovation Living™ product goes beyond furniture, it represents a lasting investment in design, comfort, and durability.

GROWING A GREENER FUTURE

In an effort to contribute positively to the balance of the global ecosystem and mitigate the environmental impact of our operations, we have instituted a comprehensive reforestation initiative.

Recognizing the critical importance of sustainable resource management, particularly concerning wood consumption, we are committed to planting in excess of 10,000 trees annually.

This initiative goes beyond offsetting our consumption. It is a tangible expression of our commitment to environmental stewardship and promotion of biodiversity. The selection and planting of trees are conducted under the strict supervision of a certified forester.

Versatility meets elegance with Newilla.

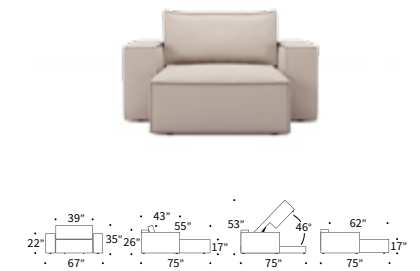

This exceptional sofa offers three distinct arm designs tailored to your preferences. Choose the Slim arms for compact spaces, the Standard arms for a classic touch, or the Wide arms featuring walnut wood trays, transforming the armrests into functional side tables, for a contemporary look. The choice is yours, and each design adds a touch of sophistication to your living space. To add the reversible lounger, simply insert it left or right between the sofa and armrests, and create a stylish sectional sofa ideal for any modern living room setting.

# SUSTAINABLE PRACTICES

Our designs and packaging are optimized to lower CO<sub>2</sub> emissions during transport and storage.

We select materials and develop designs with sustainability, disassembly, and recirculation in mind.

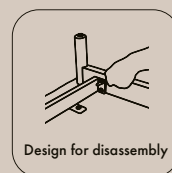

Our production facilities are FSC®-certified and in addition we plant more than 10.000 trees yearly to compensate for the wood we use.

We offer a 5-year limited warranty, as we want to ensure that all our products have a prolonged lifespan.

Amfori BSCI enhances global supply chain social compliance via a common code.

Our design strategy allows for easy replacement of components to prolong a product's life cycle.

# OEKO-TEX® CERTIFIED

All of our foam and fabrics are OEKO-TEX® certified.

OEKO-TEX® is one of the world's best-known labels for textiles that have been tested for harmful substances to ensure customer confidence and high product safety. By adhering to this certification, we demonstrate our unwavering dedication to producing safe, high-quality, and environmentally responsible furniture for our customers.

The stringent criteria of OEKO-TEX® for testing against harmful substances include:

- Compliance with important legal regulations, such as banned azo colorants, pentachlorophenol, per-fluorinated substances (PFAS, PFCs), cadmium, lead, etc.
- Testing for numerous harmful chemicals, even if they are not yet regulated legally.
- The certification criteria cover numerous substance classes that are relevant to the environment.
- Compliance with several global regulations, including REACH Annex XIV and XVII, US CPSIA (lead), EU POPs regulation.
- All textile-relevant substances of the ECHA SVHC candidate list are covered.

## COMFORT IS ALWAYS AT THE CENTER OF OUR ATTENTION

In the development of our multifunctional sofas, we prioritize both seating and sleeping comfort while adhering to functional principles. Each design introduces unique challenges in achieving the optimal level of comfort. Our goal is to present a diverse assortment that acknowledges the significant variations in individual comfort preferences.

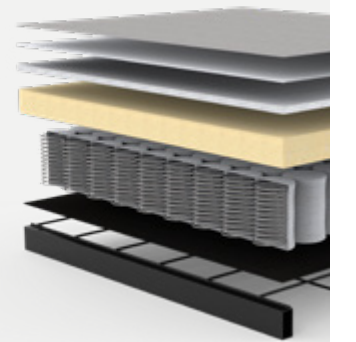

To this end, our product range extends from sleek, elegantly designed sofas offering a firmer comfort level to larger, more voluminous options characterized by softer comfort. This approach ensures that we cater to the varied tastes and needs of our customers, providing them with a selection that meets their specific comfort requirements.

### POCKET SPRING

The individual pockets in these models ensure that pressure is applied to each individual spring for optimal support – in seating as well as sleeping position. The high resilient foam casing contributes to a breathable mattress while providing a soft top support.

The following models have this comfort:  
Recast, Unfurl, Zeal

Fabric  
Fiberfill  
High resilient foam  
Pocket spring 2½"-5"  
Fibertex  
Metal mesh  
Rigid metal frame

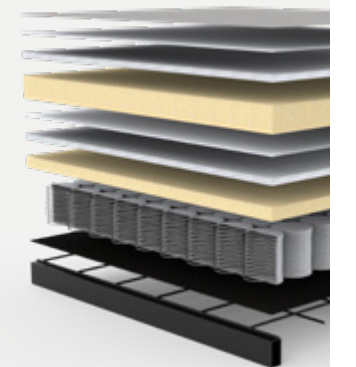

### POCKET SPRING DUAL

The Pocket Spring Dual comfort share the general composition of the Pocket Spring models apart from the extra layer of hyper soft foam that gives these sofa beds an extra soft feel. This extra layer of luxury provides a soft seating and sleeping comfort.

The following models have this comfort:  
Dublexo, Cone, Cornila, Malloy, Osvald, Tripi

Fabric  
Fiberfill  
High resilient foam  
Fiberfill

### EXCESS POCKET SPRING

The higher coils in the Excess Pocket Spring models provide a softer sofa comfort. In combination with the core foam casing, the Excess mattress has higher absorption of pressure on each spring for a more comfortable sleep.

The following models have this comfort:  
Cassius D.E.L., Grand D.E.L., Ran D.E.L., Supremax D.E.L.

Fabric  
Fiberfill  
High resilient foam  
Pocket spring 6"  
Fibertex

### NO-ZAG SPRING

The solid wood frame with no-zag springs and thick layer of high resilient foam provide an even and soft seating as well as sleeping experience.

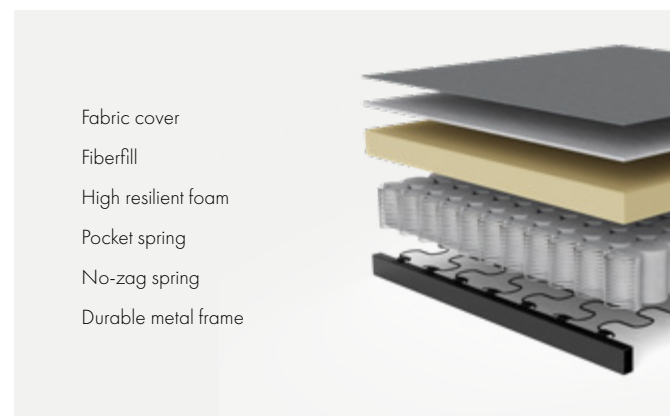

The following models have this comfort:  
Cubed Chrome, Cubed Dark Wood, Cubed with arms

### DOUBLE SPRING

Durable metal frame with a unique combination of no-zag and pocket springs topped with high resilient foam. A mattress construction that offers a soft and inviting top as part of a unique sitting and sleeping comfort.

The following models have this comfort:  
Neah and Vilander

### NO-ZAG AND POCKET SPRING

The combination of a solid wood frame with no-zag and pocket springs with a hyper soft foam on top create a unique softness in seating as well as sleeping position. The use of no-zag spring contributes to an extra layer of elasticity and allows the mattress to breathe.

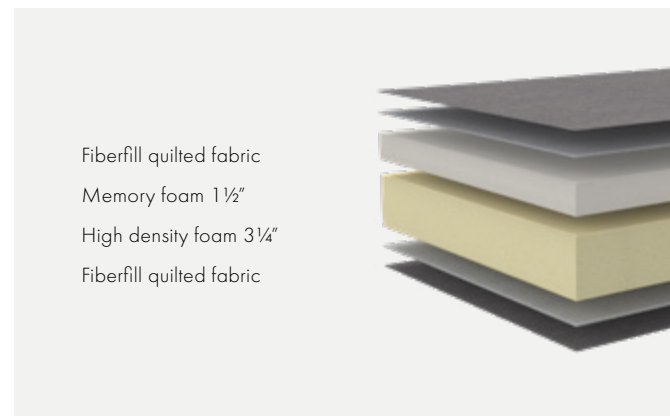

The following models have this comfort:  
Newilla, Newilla Lounger, Newilla Lounger Chair

### DUAL MEMORY

The Dual Memory mattress features two comforts in one as the mattress is reversible with one side consisting of a 3¼" high density foam whilst the other side consists of 1½" memory foam. Whether you prefer soft or firm comfort this mattress offers both. Further, the cover is removable and can be washed at 140°F/60°C.

Available for:  
Carnell

### PILLOW TOPPERS

47"/55"/63"x79".  
A 2" durable and reversible pillow topper with a core of 55 lbs polyether foam that provides an even and supportive resting surface on all adjustable sofa beds. The cover is 100% polyester which is breathable, removable and machine washable at 140°F/60°C.

The pillow topper comes with a wrap for easy storage when not in use. The wrap helps minimize the volume of the topper for better storage.

### FABRIC SPECIFICATIONS

We place high value in ensuring that our fabrics all match the high quality of the design as well as durability of our sofa beds. All fabrics are enhanced with additional backing for extended life time and undergo rigid testing to meet the high standards we impose on our designs and production. All our fabrics are OEKO-TEX® certified.

OUR SELECTION OF PERFORMANCE FABRICS | OUTSTANDING COMFORT WITH A SAFE FINISH

While other brands offer textiles with performance fiber OR finish, LiveSmart combines both to give our fabrics unmatched durability and longevity. LiveSmart fabrics are produced exclusively with performance yarns that are encapsulated with a stain-repellent and moisture-repellent finish for exceptional cleanability. Developed with years of research and testing, LiveSmart technology provides lasting performance at a great value. All our fabrics meet or exceed standards for ASTM performance and safety. Check out our resources page for more information about LiveSmart technology.
